SELECTMEN'S REPORT

Once again another municipal year has come to a close and as your selectmen we would like to take this opportunity to express our thanks to everyone for their kind acts and interest that they have shown in the ways of our town has been run. We urge more active participation by all so that our town will not be run by any one group of individuals but by all the townspeople alike. It may seem at times that your selectmen have been too penurious, but please remember it is rather difficult in many instances to make decisions that will be accepted harmoniously by all. As your First and Third Selectmen we feel that it is proper to dedicate this year's report to your Second Selectman, Girard V. Condon, who passed away October 28, 1966. Mr. Condon was serving his seventh straight year as your Second Selectmen. Having worked with Mr. Condon during the majority of this time, we can only say that his enthusiasm, devotion to duty and understanding for the town which he served, was always of the highest integrity and character.

We feel that this has been a good year for the town with the unexpended balances to surplus in the different departments far exceeding the few overdrafts which did occur.

We understand that the construction of a mill by Callahan Mining Corporation at the Cape Rosier-Harborside section of our town is progressing on schedule with more new job openings becoming available in the near future.

To all our non-resident property owners and friends who spend their vacation in our town, we would like to thank them for selecting our town and we hope that they will return for many years to come. Our town was incorporated June 17, 1817 so we will be celebrating our 150th anniversary this year. Some plans should be formulated to celebrate this occasion.

With our annual town meeting only a few days away we cannot stress enough the importance of everyone voting for the candidates of his choice; also, stay to town meeting and voice your opinion on the different articles in the town warrant. It is your comments, ideas and actions which make your town officers much better qualified to make decisions that affect us all in the year ahead. So let's all vote with a clear and open mind and hope that our decisions today will bring a brighter future tomorrow.

So let's all vote.

Respectfully submitted,

Clifford A. Leach

FOUR TOWN NURSING SERVICE REPORT

To the Selectmen:

It is with pleasure that I submit to you the annual report of the Four Town Nursing Service, Inc. for the year January 1, 1966 to December 31, 1966.

The school health program in the four towns showed an increase over last year. Physical examinations were given to 366 children. 200 children were immunized, 120 children had tuberculosis tests and 70 children were given audiometer (hearing) tests. A clinic for immunization against measles was held in one school and 11 children received this protection. This is the first year this vaccine has been available to the school children in our area. More of these clinics will be held in 1967 for both the school and pre-school children. Five pre-school and two polio immunization clinics were held in the area and 84 children received immunization at these clinics.

In September, Mrs. Alma Gray resigned from the Service. We feel very fortunate to have been able to appoint Mrs. Eleanor McFarland of Sedgwick to replace Mrs. Gray as the Associate Nurse.

During 1966, 37 new patients were admitted for nursing care. A total of 1119 visits were made by Mrs. Randall, 985 of these were home visits and 41 office visits. Nine children were referred to Special Clinics sponsored by the State Health Department.

We are happy to announce that the Four Town Nursing Service, Inc. has been approved for participation as a Home Health Agency in the health insurance program for the aged within the meaning of Section 1861 (o) of the Social Security Act, (Medicare). Many hours have been spent by the officers, directors and nurses in reviewing and revising policies and records to conform to the standards required by Medicare.

A nursing scholarship of \$125.00 was awarded to Darlene Orcutt of Penobscot, daughter of Mr. & Mrs. Ernest Orcutt. Miss Orcutt is a student in the school of nursing at the Peter Bent Brigham Hospital in Boston.

I would like to thank the physicians in the area who have given so generously of their time for the supervision of the school and pre-school programs, namely: Dr. Bradley Brownlow, Dr. Russell Lane, Dr. Robert Russell and Dr. Betty Williamson and also Dr. Henry Woodbrey. My special thanks go to the nurses, Mrs. Greta Randall, Mrs. Eleanor McFarland and Mrs. Alma Gray, for their devoted service to the patients and children under our care and their continued interest in the program.

The directors and members of the Four Town Nursing Service, Inc. are grateful to the Selectmen of the participating towns and to the many citizens who have given so generously of their time and money to support this program which plays an important and valuable part in the health and welfare of Blue Hill, Brooklin, Brooksville and Sedgwick.

Respectfully submitted,
Miss Miriam Curtis, President
Four Town Nursing Service, Inc.

SCHOOL DEPARTMENT

Superintendent's Report

It is with pleasure that I submit my eighteenth annual report of the Brooksville Elementary School and George Stevens Academy.

The teachers of George Stevens Academy and the Brooksville Elementary School, other school personnel and your superintendent appreciate the interest, support and cooperation of the Superintending School Committee, the Joint School Committee, the Trustees of George Stevens Academy, the town officials and the people of Brooksville.

We are always happy to have parents and other interested persons visit the schools and observe classes. We invite your ideas and suggestions for improving the schools. Many persons show their interest by visiting the schools on special occasions such as Open House, Education week and to attend assemblies and athletic contests.

A report of George Stevens Academy and the Elementary school follow: the number following the teacher's name indicates the number of years that teacher has taught in Blue Hill or Brooksville including this year.

George Stevens Academy Principal's Report

To the Superintendents of Schools, Superintending School Committees of Brooksville, Blue Hill, Penobscot, Sedgwick and to the Trustees of Blue Hill-George Stevens Academy, I submit my second annual report.

Graduate of Flight Training Program--U.S. Navy; Graduate of Naval School of Photography, Pensacola, Florida. 2nd year. Guidance Counsellor half-time at Stevens Academy and half-time at Pemetic High School. Advisor to Chess Club.

Mr. Russell G. Boynton: BS in Education, Washington State Teachers College, Machias, Maine. Varsity Basketball Coach.

Mrs. Dorothy T. Henderson: BE, Keene Teachers College, Keene, N.H.
3 classes of Home Economics.

Mr. Robert T. Smith: AB, Maryknoll Apostolic College, Ossining, N.Y.
M. Ed., Boston College, Boston, Mass. One class of Latin.

Mr. Winsor works with the students in four main areas:

1. Aiding the individual student to successfully make the transition from grade school to the academy through orientation meetings, etc.
2. Helping students to identify their aptitudes and interests; helping each student to set up a program of study that reflects his or her aptitudes and interests.
3. Providing students with information and guidance concerning their post-school plans.
4. Counseling students with personal problems.

The emphasis on post-secondary education, the creating of new jobs by advances in technology and the fact that many old jobs are being automated out of existence all contribute to make a guidance program a real necessity for today's high-school students.

Joseph P. White
Principal

The secondary students attend school at George Stevens Academy in Blue Hill. The town furnishes transportation to Blue Hill for the high school students. The bus takes the students to Blue Hill for the basketball games that are played at Blue Hill and for the school plays. The bus does not take the students back to school at night for basketball practice or for play practice. The bus runs for the basketball games when there are at least ten students (high school) going.

ELEMENTARY SCHOOL

The faculty of the Elementary School is as follows:

Mrs. Hazel B. Blodgett: Attended Eastern State Normal School, Castine, Maine. 35th year. Teaches grades 6-8 and is principal of the school.

Mrs. Pamela W. Lymburner: BS, University of Maine, Orono, Maine. 2nd year. Teaches Developmental classes in reading and arithmetic for the pupils in grades three through eight who need it.

Mr. Calvin Rich, Jr: BS, University of Maine, Orono, Maine. 1st year. Teaches grades three through five.

Mrs. Rena Bonsey: Attended Washington State Normal School. 1st year. Teaches grades 1 and 2.

Mr. Walter A. Snow: BS in Music, Conservatory of Music, Bangor, Maine. 9th year. Supervisors music and teaches vocal and instrumental music one day per week.

Dr. Robert Russell, MD, is the school health doctor and Mrs. Eleanor McFarland is the school health nurse.

Mr. Donald Wood: 5th year. Drives the bus on the Harborside route and to Blue Hill. Mr. Roy Lang is janitor of the school and drives the school bus over the local route. Mr. Lang is also, attendance officer.

The school enrollment as of September 15th is as follows:

Grade	Boys	Girls	Grade	Boys	Girls
1	7	5	5	4	3
2	2	3	6	0	2
3	4	6	7	6	5
4	5	2	8	6	3
Total: boys--34; girls--29					

REPAIRS AND EQUIPMENT

Five new locks were purchased to replace those on the classroom doors and teachers' room. Six new seats were purchased for the first and second grade room. Minor repairs were done on the furnace. Under ESEA the following items were purchased: large print typewriter, statistascope, tape recorder, 2 sets of encyclopedias and about \$140 worth of library books.

For next year we need 7 new seats to complete the first and second grade room. The kitchen, boys' and girls' toilets and corridor need to be painted. We will need the following money for repairs and equipment: \$36 to take care of overdraft, \$31. for freight on seats already purchased, \$231 for seven new seats, \$200 to paint the rooms listed above and \$100 for general repairs.

We are not asking for a new bus to replace the 1953 bus because both the bus driver and inspection station mechanic told the school committee that the bus is in good mechanical condition for another year.

On behalf of the teachers and myself I wish to take this opportunity to thank the school committee members, parents and citizens for their interest and support of our schools.

Respectfully submitted,

Albert L. Skidds,
Superintendent of Schools

9,080 meals were served to children and 165 adults: total 9,245.

The program ran from Sept. 14 through May 27: 160 days or 34 weeks.

The value of the government donated food is \$743.65.

The average attendance for the program for the year is 56.75 or 99.86%.

Miscellaneous items are bottled gas, soap, cloths, napkins, straws, juice cups, bank service charges, transportation on gov't food, etc.

There was a loss of \$.02438 per meal. Total loss on meals is \$225.30.

There was a gain of \$9.52 on the recess milk.

There was a net loss of \$215.78 for the year on the program.

The above figures show the balance of 1966 to be \$215.78 lower than the balance of 1965. Two reasons for this shrinking balance are: decline in the amount of government donated foods and increased cost of food. The school lunch program will be in the red by March first.

We raised the price of meals to 30¢ which is the maximum allowable under the National School Lunch Program. We will need \$900 to operate the lunch program for the same length of time as this year.

A letter from the State Department explains the situation as follows: It is evident from the calls we have been receiving from school administrators that there is much concern regarding the financial status of school lunch programs.

The records indicate that there is basis for this concern.

As of June 30, 1966 and prior to the payment of the relatively small June subsidy, 32% of the programs in the State were operating in the red. Over 60% of all programs had less than \$500.00 on hand.

Factors Contributing to Financial Condition:

During the 1965-66 school year there was a drastic cut in the amount and kinds of government donated foods. The value of those available averaged 32.4% less than for the 1964-65 school year.

While attempting to adjust to this decrease in commodities--especially meat items--schools had to purchase more food--especially meat items at prices which rose sharply over those for the previous school year. From January, 1965 to January, 1966, food prices advanced 4.5% (13.5% for meat).

Labor and non-food items advanced in price.

Although the schools started operations in September, 1965 in a relatively strong financial position, the above factors made it impossible to operate a good program within the budget of the previous year.

CURRENT TRENDS:

The anticipated volume and value of commodities is expected to approximate the low level of the 1965-66 year.

Food prices continue to advance. In August food prices were 5.2% over prices for August, 1965.

Cost of labor and non-consumable supplies continues to increase."

Many towns now include the school lunch cooks under other school personnel and pay them out of school funds raised for that purpose.

AUDITOR'S REPORT

February 10, 1967

Board of Selectmen
Brooksville
Maine

Gentlemen:

In accordance with your request we have made a limited general post audit of the accounting records of the Town of Brooksville, Maine for the year ended February 1, 1967. Our examination and accompanying report was based upon the generally accepted procedures pertaining to State of Maine Municipalities.

We herewith submit our report consisting of exhibits and supporting schedules, together with such qualifications, analysis and recommendations necessary to develop the purpose of a municipal audit. This report is subject to the limitation of time for complete replies to letters of verification.

Certificate

Based upon our examination and subject to the foregoing, we hereby certify that, in our opinion, the accompanying report properly presents the financial condition of the Town of Brooksville, Maine as at February 1, 1967 and the results of its operations for the year then ended, in accordance with generally accepted methods of municipal accounting.

Respectfully submitted,

W. C. Wheeler

The financial operations for the year were very satisfactory as evidenced by a debt reduction of \$4,415.00 in outstanding serial notes, an increase of \$3,510.41 in unexpended school departmental revenue and a gain of \$4,310.08 in the unappropriated surplus.

In the departmental operations it was noted that the appropriation of excise tax revenue to current expenses created a substantial unexpended balance in this account. This is an incidental result of the increased factory list price of motor vehicles. It was observed that the overdraft for snow removal was substantially less than one year ago and especially noteworthy that all of the other highway accounts were administered so as to avoid overdrafts. The only other overdrafts were for workmen's compensation and social security. It is not an uncommon practice for the terms of an excise tax appropriation to limit the amount to the actual payments required for a certain purpose together with authority to use a portion of the balance, if any, to eliminate overdrafts caused by contractual or legal requirements. Any further balance, if any, would lapse to surplus. This flexibility is intended to avoid the embarrassment of unavoidable overdrafts and to control excess revenue.

Consideration could be given to utilize the current years gain in surplus, or any other sum, toward capital reserves or sinking funds for debt retirement. Current interest earnings on investments now exceed the interest rate on your indebtedness. For illustration only, a sinking fund for debt retirement could be created from surplus and used up at a rate chosen by the voters to either half the annual taxation to retire notes, pay all of the remaining balance after certain years or any other use according to circumstances at the time being.

The collection of taxes is again remarkable with 99.4% of the commitment collected in cash. Only a single tax mortgage, subsequently redeemed, was needed to complete the prior years collection. The brevity and simplicity of your balance sheet is outstanding among municipalities.

Mr. Clifford A. Leach, Chairman
Board of Selectmen
Town of Brooksville
Harborside, Maine

Dear Mr. Leach:

The Judges in the Maine Municipal Association's Annual Municipal Report Competition for 1966 have selected the Town of Brooksville for presentation of the award of Excellence in the population category of 501-750. This award is based upon the (1) general attractiveness of the report, (2) content that effectively summarizes the municipal achievements during the year, (3) evidence that the community is making an effort to plan for the future, and (4) a presentation that maximizes citizen understanding of the programs through its reader appeal. The decision of the Judges indicates that in their opinion your annual report excelled in the above respects.

The municipal officials in your community are to be congratulated for their concerted efforts in presenting an outstanding report to the citizens in Brooksville. On behalf of The Maine Municipal Association, I would like to congratulate the community for the achievement of this award.

Sincerely yours,

JPB:M

SELECTMEN'S REPORT

With another year passed we are pleased to submit our annual town report to the people of Brooksville. We feel this has been a very stable year with the unexpended balances in the various departments exceeding what few over-drafts which did occur. As your Selectmen we would like to pay tribute to Mrs. Bessie Wardwell who was serving her 22nd consecutive year as town clerk when she passed away March 14, 1967. Mrs. Wardwell's understanding and fondness for the town which she served was always of the highest of character and distinction and left little to be desired as far as dedication and loyalty to her position.

The tax rate is down 2 mills from last year's 20 mills due primarily to the increased valuation available at the Callahan Mining Corp. site in Harborside. The taxable valuation of the mine as of April 1, 1967, was \$280,340.00 or a tax yield of \$5,046.12.

In comparison to last year's assessors' report we note the following changes: Resident valuation up \$37,960.00, non-resident valuation up \$223,160.00. Polls same, 183. Town appropriation down \$1,366.93, overlay decreased \$1,095.89.

The overall charges for snow removal for the year are as follows: State-Aid Roads, plowing \$1,668.16, sanding, \$1,229.77. Town Roads, plowing \$781.93, sanding \$208.08. The cost of the ice sand stockpiled w/salt was \$4,109.23 or \$2.10 per yd., down 2 cents per yd. from last year's cost. Repairs and purchases of equipment \$2,027.17. Cost of erecting and taking down snow fence \$345.94 or a grand total spent for snow removal of \$10,370.28.

We would like to thank the 150th anniversary committee, townspeople and interested people alike for working so diligently in making this anniversary such a tremendous success.

As your selectmen we feel the necessity of calling to your attention the fact that we accept with all our sincerity any constructive criticism anyone may have to offer in regards to our policies, intentions and goals, as we feel it is physically and mentally impossible for three people to make decisions and carry them forth through the year without some criticism and rebuttal among their constituents.

If anyone has any questions regarding this annual town report please feel free to consult your selectmen.

With our annual town meeting coming up very shortly we ask and urge everyone to vote for the candidates of his choice as it is your decisions at the polls and town meeting which govern your town for the coming year. So please act with prudence and wisdom.

Respectfully Submitted,

Clifford Leach

FOUR TOWN NURSING SERVICE REPORT

To the Selectmen:

It is with pleasure that I submit to you the annual report of the Four Town Nursing Service, Inc., for the year January 1, 1967 to December 31, 1967.

During 1967, 33 new patients were added to the 94 already being cared for by our Nursing Service. A total of 1312 visits were made by Mrs. Randall, an increase of 193 over 1966.

We are happy to state that the Four Town Nursing Service, Inc. continues to merit the approval of the Department of Health, Education and Welfare so that our patients who are eligible receive the benefits of Medicare. The officers, directors and nurses are continually revising policies and records to conform to the standards required by Medicare.

Our school health program provides physical examinations and immunizations to the children in three elementary grades and one high school grade in all the schools in the four towns, and to the athletes and cheer leaders in the two high schools. The high school students from Penobscot are included in the benefit of this program.

The examinations of the students included a physical examination by the school physician, audiometer testing for hearing, urinalysis and tests for tuberculosis. Immunizations were given for polio, diphtheria-pertussis-tetanus, and measles, and vaccination against small pox. Special dental clinics were held for students in Blue Hill, Brooklin and Brooksville, and two clinics for the administration of oral polio vaccine were held in Blue Hill. Five children were referred to clinics for Special Services. Twenty-two home visits were made to school children by our associate nurse, Mrs. McFarland and nine pre-school clinics were held in the four towns.

A practical nurse scholarship of \$100.00 was awarded to Nannette Snow of Blue Hill, daughter of Mr. and Mrs. Fred Snow. Miss Snow is a student at the Thayer Hospital in Waterville, Maine.

I would like to thank the physicians in the area who have given so generously of their time for the supervision of the health programs for the school and pre-school children, namely: Dr. Bradley Brownlow, Dr. John G. Murray, Jr., Dr. Robert Russell, Dr. Betty Williamson and also to our dentist, Dr. Henry Woodbrey. My special thanks to the nurses on our staff, Mrs. Greta Randall and Mrs. Eleanor McFarland for their devoted service to the patients and children.

The directors and members of the Four Town Nursing Service, Inc. are grateful to the Selectmen of the participating towns and to the many citizens who have supported so generously this program which plays an important and valuable part in the health and welfare of the residents of Blue Hill, Brooklin, Brooksville and Sedgwick.

Respectfully submitted,

(Miss) Miriam Curtis, President
Four Town Nursing Service, Inc.

SCHOOL DEPARTMENT

Superintendent's Report

It is with pleasure that I submit my nineteenth annual report of the Brooksville Elementary School and George Stevens Academy.

The Teachers of George Stevens Academy and the Brooksville Elementary School, other school personnel and your superintendent appreciate the interest, support and cooperation of the Superintending School Committee, the Joint School Committee, the Trustees of George Stevens Academy, the town officials and the people of Brooksville.

The school is one of the chief centers of interest of the town. There the younger children of the town meet for their basic instruction and elementary education on which to build their future lives. The school is supported by nearly every person in town. The school officials were happy to loan the school facilities to the Sesquicentennial Committee for the purpose of displaying the arts, crafts and relics of the earlier years of the town.

We invite the citizens to visit their school to see first hand what is being done in the classrooms. We invite you to attend such school activities as Open House, School Assemblies and Education week. We solicit your ideas and suggestions for improving the school program.

A report of George Stevens Academy and the Elementary school follows:

The number following the teacher's name indicates the number of years that teacher has taught in Blue Hill or Brooksville including this year.

George Stevens Academy Principal's Report

Mr. Russell G. Boynton: BS in Education, Washington State Teachers College, Machias, Maine. Coaches Varsity and Jr. Varsity Basketball.

Mr. Winsor works with the students in four main areas:

1. Aiding the individual student to successfully make the transition from grade school to the academy through orientation meetings.
2. Helping students to identify their aptitudes and interests; helping each student to set up a program of study that reflects his or her aptitudes and interests.
3. Providing students with information and guidance concerning their post-school plans.
4. Counseling students with personal problems.

The emphasis on post-secondary education, the creating of new jobs by advances in technology and the fact that many old jobs are being automated out of existence all contribute to make a guidance program a real necessity for today's high school students.

Joseph P. White
Principal

The secondary students attend school at George Stevens Academy in Blue Hill. The town furnishes transportation to Blue Hill for the high school students. The bus takes the students to Blue Hill for the basketball games that are played at Blue Hill and for the school plays. The bus does not take students back to school at night for basketball practice or for play practice.

The bus will continue going to basketball games when there is an average of ten students (high school only) going.

ELEMENTARY SCHOOL

The faculty of the Elementary School is as follows:

Mrs. Hazel Blodgett: Attended Eastern State Normal School Castine, and University of Maine. 36th year. Teaches grades 6-8 and is principal of the school.

Mrs. Carolyn Blodgett: Graduated from Gorham Teachers College, Gorham, Maine. 1st year. Teaches developmental reading and arithmetic in grades three through eight.

Mrs. Katie Eastman: Graduated from Eastern State Normal School 1st year. Teaches grades 3-5.

Mrs. Nathalie Young: Attended Castine Normal School. 1st year. Teaches grades one and two.

Mr. Walter A. Snow: BS in Music, Conservatory of Music, Bangor, Maine. 10th year. Supervises Music and teaches vocal and instrumental music one day per week.

Dr. Robert Russell, McD. is the school health doctor and Mrs. Gretta Randall is the school health nurse.

Mr. Donald Wood: 6th year. Drives the bus on the Harborside route and to Blue Hill. Mr. Wood resigned as of December 22 and Roy Fowler now drives that route. Mr. Roy Lang is attendance officer for the year. Mr. Lang is janitor of the school and drives the school bus over the local route.

The school enrollment is as follows:

Grade	Boys	Girls	Grade	Boys	Girls
1	5	7	5	5	2
2	8	5	6	4	3
3	5	3	7	0	2
4	2	4	8	7	3

Total: Boys--36; girls-29.

REPAIRS AND EQUIPMENT

Seven new seats were purchased for the first and second grade room. A load of gravel was hauled into the school driveway. The oil tank was repaired and minor repairs done on the heating system.

The piano was tuned. The toilet rooms and kitchen were cleaned and painted.

We need seven more seats for the first and second grade room. The corridors need to be cleaned and painted. We should start painting the classrooms. The classrooms have never been painted since the building was built in 1961.

The school committee plans to clean and paint the corridors and one classroom this year if the money is available. One classroom a year will be painted after that until the job is completed.

\$85 is requested for an eye testing machine. This is only part of the cost as several towns plan to buy the machine jointly through the Four Town Nursing Service. The Four Town Nursing Service will have a person (s) operate the machine. This will provide a much more satisfactory service than the old method of testing with the Snellen Chart.

We need \$170 to cover this year's overdraft and \$100 to cover the usual minor repairs which occur each year. Money permitting we would like to put some loam on the front yard and seed it.

Albert L. Skidds,
Superintendent of Schools

AUDITOR'S REPORT

January 10, 1968

Board of Selectmen
Brooksville
Maine

Gentlemen:

In accordance with your request we have made a limited general post audit of the accounting records of the Town of Brooksville, Maine for the year ended December 30, 1967. Our examination and accompanying report was based upon the generally accepted procedures pertaining to State of Maine Municipalities.

We herewith submit our report consisting of exhibits and supporting schedules, together with such qualifications, analysis and recommendations necessary to develop the purpose of a municipal audit.

Certificate

Based upon our examination and subject to the foregoing, we hereby certify that, in our opinion, the accompanying report properly presents the financial condition of the Town of Brooksville, Maine as at December 30, 1967 and the results of its operations for the year then ended, in accordance with generally accepted methods of municipal accounting.

Respectfully submitted,

COMMENTS

* * *

* *

The effect of eleven months operation, due to closing your fiscal year to correspond with the calendar year, could be expected to reflect less income and expenditure in certain services, with other items fixed regardless of this change. The voted tax levy was less than 2% lower, the cash expended for education was more than 4% higher and the cash expended for snow removal and sanding was nearly 7% greater. The excise tax revenue held up very well, a decrease of only 2% being noted. As could be expected, the list of current years uncollected taxes was longer but the collections only one week after the close of the books indicate the usual excellent performance by the collector.

The cash balance should be qualified by the amount of \$55.57, which represents outstanding checks not redeemed. A portion of these were issued more than ten years ago. It has been suggested that payment be stopped and the above amount added to your check book balance.

As voted at the 1967 annual town meeting the balance in the Fire Department account will be carried forward from year to year and will thus be on the same basis as the Civilian Defense account.

The somewhat substantial appropriation from surplus included \$3,000.00 to be added to the Capital Reserve account. The prior years investment yielded \$90.00 in interest but with the type of investment now employed the interest earned is credited yearly only, hence, there will be a substantial accrual due in 1968.

It was noted in your accounting that special effort had been made to avoid unpaid obligations that are normal accruals during calendar quarters. Your balance sheet, therefore, is exceptionally sound and realistic in this respect. Our only administrative suggestion, in the interest of economy, would be in the field of insurance, fidelity bonds in particular.
